Roam Technology NV

Geleenlaan 24 – I.Z.

Poort Genk 6835 3600

Belgium

BioGro Number: **6553**

Dear Leen,

This letter confirms that the below listed company and products / services enrolled in BioGro's input certification programme are approved for use in organic production or food processing and handling under COR standards.

1 Roam Technology NV - 1 - Inputs

Category	Brand Name	Restriction
Facility Management	Huwa-San TR-50	Surfaces require an intervening event between the use of this product and contact with organic product, sufficient to prevent any residual contamination. Irrigation CIP is permitted provided the system is flushed until no H2O2 is detectable. Continuous irrigation water dosing requires prior BioGro approval and must be documented in the licensee's OMP. Not for use on animals or for direct post-harvest crop spraying. JAS: Restricted to non-food contact surfaces only (e.g., floors and walls).

This approval is valid until 31/07/2027.

Yours sincerely,

A handwritten signature in black ink, appearing to be a stylized 'J' or 'H' followed by a flourish.

Tania Thomas,

General Manager BioGro New Zealand
